**Community Benefits**

Reduces potential for neighborhood and street flooding by expanding detention capacity through pervious paving, bioswales, rain gardens.

Supports residents and businesses by providing access to needed goods and services.

Grows the direct seafood to consumer market and provides fishermen and farmers with a permanent location to sell and market goods.

Enhances community recreational opportunities through access to water and trails, creates new event spaces and a cultural hub.

**Key Info**

- **Project Area**: 6.5 acres
- **LA SAFE Investment**: Up to $6.0M
- **Estimated Project Cost**: $6.0M
- **Partners**: Lafourche Parish
- **Location**: Golden Meadow

---

Lafourche Parish is a Sportsman’s Paradise with some of the world’s best commercial and recreational fishing areas. The seafood industry is one of the leading employers in Louisiana, producing millions of pounds of shrimp, oysters, crabs and fish annually. However, as flood risk increases and land loss continues to occur, this industry faces significant threats to its viability. Located in Golden Meadow’s Oak Ridge Park, adjacent to an existing boat launch and pump house, the South Lafourche Seafood Market provides a centralized location for buying and selling locally caught seafood, promoting the long-term sustainability of the fishing industry. The project includes market stalls, a covered open-air pavilion, and restroom facilities.

**Perspective View**

1. Seafood Market Stalls and Fishing Dock
2. Permeable Parking and Bioswales
3. Picnic Pavilion with Restrooms and Storage
4. Existing Oak Ridge Boat Launch
5. Existing Pump Station - Future upgrades can include windows & signage retrofits for educational purposes
6. Future opportunities for water storage

**Plan View**

- Seaside view of bioswales
- Permeable image of permeable parking
- Overhead image of Seafood market stalls
- Precedent image of seafood market stalls
- Precedent image of bioswales
- Precedent image of permeable parking
